

Team Coaching for Team Development | An Innovative Approach

Team Coaching for Team Development

The team coaching model used by *Moser Performance Group* to develop the team forward, facilitate the team's creation of its own development plan, and promote that development over time has its foundations in the most recent thinking in the areas of System Learning, Emotional Intelligence, Appreciative Inquiry, and team research from leading universities.

The MPG approach will empower your team to:

- Engage with conflict creatively;
- Respond adaptively to change;
- Foster innovation;
- Develop strategies and structures that leverage team strengths;
- Create a customized plan for their own development;
- Measure progress over time;
- Ensure deep learning and sustained change through ongoing work with a specialized relationship coaches.

Contact Moser Performance Group to discuss how we can move your team forward.
